## From the President

The Prince George Golf & Curling Club is one of the most diversified facilities in British Columbia, and as members, we should be truly proud of what the club has to offer.

It has always been the mandate of the Board of Directors to offer our services at reasonable rates to our members while still allowing the club to maintain and improve its facilities.

The following is an article written by Stephen Johnston, Partner, Peat Marwick Thorne, Markham, Richmond Hill.

### WHY IS GOLF SO EXPENSIVE?

I remember my father explaining to me why golf was a rich man's game when he was a boy. Now we are in the 1990s and I find myself making similar comments to my children.

The major reason for the high expense of golf is the cost of developing golf courses. Newer courses tend to be constructed as championship courses with large clubhouses. As a result, the typical cost is in the \$6 million to \$8 million range, excluding the cost of land, which can be very expensive in the vicinity of a major city. Assuming a maximum of 30,000 rounds per year per 18 holes, a player needs to pay approximately \$30 just to pay for the interest on debt for construction, let alone for the cost of maintenance and profit. This, plus the high cost of championship course maintenance, has made even public golf courses expensive to play, with green fees of \$50 to \$75 not uncommon.

Because of increased green fees, many golfers have considered joining private clubs. However, even in this recessionary market, most Toronto-area clubs have an initiation fee of \$20,000 to \$30,000 plus an annual due of \$2,500 to \$3,000. Based on a 10% interest rate on capital paid for the initiation fee and, say, 40 rounds per year, the cost would be approximately \$125 per round. Again, a very expensive sport.

In order to justify the expense, the baby boomers are seeking out clubs with a family environment. They want to be able to play with their spouses at prime time.

This situation has raised a few eyebrows at established clubs and high-end public courses where early morning weekend tee times have traditionally been reserved for men.

Since new clubs can accommodate change more easily, they should have an edge in selling memberships. But potential members tend to be wary of committing their funds to a club that doesn't already have a strong membership base.

What does the future hold? Well, golfers will gradually learn to pay more for golf. But they will also expect some compromise, and traditions will change. More private clubs will accept some form of public golf in order to reduce annual dues, and hopefully, future clubhouses will be smaller and able to accommodate a mixed crowd.

In the end, possibly, inflation will make golf a more affordable game for our grandchildren.

### Georgian Contest

To date there has not been a winner in the April Georgian Contest. If no one claims the prize by April 20th, there will be two numbers hidden in the May issue.

If you find your membership number hidden in the Georgian, give Brad a call at 563-0357.

Good luck and happy hunting!

Also of interest, to you the member, may be the 1993 Annual Golf Dues notice which is given to potential members of the Rivershore Golf Club. Contained in this notice are the 1993 Rates at other courses in the the Okanagan. The notice reads as follows:

#### 1993 ANNUAL GOLF DUES

You will notice an increase in your 1993 annual golf dues. We have made every effort to minimize the increase by budgeting a break-even year with no debt repayment.

Golf membership is one of the best recreational bargains there is, and Rivershore is the best bargain in our area. For your information, 1993 rates at other area courses are:

	single	couple
Eagle Point	\$980	\$1635
Gallagher's Canyon	985	1837
Kamloops	850	1550 +
Kelowna	765	1460
Predator Ridge	1000	1850
Rivershore	890	1600
Vernon	840	1680

To keep our annual dues low, we require a larger membership base. We ask your help in spreading the word that we are looking for new members. Please let Barry McPhee at the Pro Shop know if you have any leads.

Bob Kilmartin, Treasurer  
Rivershore Golf Club

While comparisons are difficult, it is always interesting to know what other facilities are charging.

Respectfully submitted,  
John Heaslip

### Pro Shop News

We are finally on the golf course and doesn't everything look great for a long season!

If you have not been in yet, stop by and take a look at the new equipment and clothing.

#### SPECIAL!

*This year, all men's and ladies' shirts will be 10% off. This benefit is for members only.*

#### CELLULAR PHONE

We now have a cellular phone that is available for rental. Do not let that call you are waiting for make you miss a game.

There are still lots of stalls available in club storage. This includes the use of a pull-cart. If you are tired of taking your clubs out of the car, leave them with us and they will be clean for every game. This service is also available to members on the waiting list.

The range is now open and Lee, Glen, Geoff and myself are available for lessons.

Hope to see you on the course, if not in the shop.

Laurie Pierce

## From the Green Committee

The Green Committee constantly reviews problems associated with the playability of our golf course and we strive to find the best solution to these problems. An on-going problem seems to be the formation of a lip or ridge which appears around the cup as the golf day progresses.

One of the first things we reviewed, in trying to determine the cause of this problem, was the method used by our grounds crew to set the cup and pin. We found that the grounds crew uses a cup setter that has a large flat flange and once the cup is set this tool leaves the area around the cup perfectly flat. Therefore, we are satisfied that our grounds crew is properly setting the pins and cups each morning.

We have also observed our golfing membership throughout the year and we have identified what we think are the three possible causes of this problem.

First, golfers unknowingly damage the hole by using the head of their putter to extract the ball. Second, we have observed golfers and caddies, while tending the pin, unknowingly applying an uplifting pressure on the ground around the cup. Without first pulling the pin out of the receptacle at the bottom of the cup, golfers and caddies grasp the pin near the top and pull back. The leverage generated by the pin when tended in this manner results in a lifting of the turf on one side of the cup and a compression of the turf on the opposite side of the cup. Third, as the day progresses the area around the cup slowly becomes depressed or compressed by the weight of the golfers' feet as they finish their putts and then bend over the hole to extract their ball.

While members can't eliminate the third problem we can refrain from extracting the ball from the hole with our putter and refrain from tending the pin in the manner described above.

## Memorial Weekend

The club has approved the concept of a Memorial Weekend. A plaque will be developed, showing a picture and brief description of the membes so honoured. The plaque will then be permanently displayed within the club.

The following names have been chosen to be the first members honoured:

Gerry Carmichael  
Don Prentice  
Ken Becott  
Joe Wilson  
Don McQuarrie

The criteria for future members will be based on long term volunteer contributions of time and effort. These being serving on the Board of Directors, serving on one of the other committees within the club, or other long term contribuitons to the club.

A form will be made available at the main office. The form will include the name of the proposed member, a description of the members' contributions to the club and signature of 25 members in good standing who are supporting the nomination.

The completed form will then be forwarded to the Golf Committee for review. If appropriate, the Golf Committee would then make a recommendation to the Board of Directors for final approval.

**Jack Mackenzie**  
Golf Director

## From the Golf Committee

Your 1993 Golf Committee is:

Oscar Faoro - Chairman	
Pat Bell	Laurie Pierce
Ami Ali	Jack Stevens
Cloey Hooper	Laurie Rustad
Lois Stubbings	Gail Magrath
Jack MacKenzie	Al Wells

The Golf Committee would like to pass on the following information:

In the future, cuttings from the greens will be dispersed amongst the trees instead of putting them in piles. This will eliminate a free drop in these areas.

## *A special Thank You to BC Telephone and Westcana Electric*

Severe damage to our driving range last fall was of some concern, but B.C. Tel (Neil King) and Westcana Electric (Peter Sherba) came to our rescue. B.C. Tel supplied the pole, materials, truck and manpower. Westcana Electric supplied the use of their ladder truck.

Many thanks to Neil and Peter for all their help.

**The Golf Committee**

## Courts Report

I would like at this time to welcome Roger Fox to the courts committee. Roger will be in charge of reporting the outcome of events that take place at our club, and also assisting in any way that will help in making your tournament run smoothly. Also, should you have concerns or suggestions in regards to the courts please drop a note at the office and we will do our utmost in helping to implement these requests or forwarding them to the committee at large.

As in the past we will continue to post your monthly events in the Georgian Calendar.

As most major events are now completed, please keep this is mind for your forthcoming season.

**Betty-June Gair**  
Courts Committee

## Golf Course Rules & Regulations

The golf Committee would like to inform members that it is our responsibility to police ourselves about course etiquette and slow play. Should you see what you feel is an infraction of the rules, please fill out a complaint form available at the front desk of the club.

The Golf Committee will review all forms received on an individual basis and determine an appropriate course of action. This action could range from personal discussions to make members aware of the infraction to written warnings of infraction, or to the final step, possible suspension after Board of Directors' review.

The club now has a mechanism in place to deal with concerns out on the golf course. We trust that where warranted members will use the mechanism to make our club a better place to enjoy the game of golf.

Saturday and Sunday mornings have presented another problem. A number of members are not booking a tee time and are playing the course before the 6:00 am opening. The 6:00 am opening was set to allow our grounds crew time to prepare the course without interfering with the play of golfers who hold Annual Golf Dues.

The grounds crew requires a lead time of approximately 30 to 45 minutes in order to stay ahead of the golfers. While it is unfortunate that we cannot accommodate members who wish to play in this fashion, the Green Committee and Golf Committee are asking all golfers to not tee off prior to 6:00 am.

Members are most welcome to bring a guest to play during restricted periods, providing the guest meets the following criteria:

1. The guest must reside outside of a 50 mile radius of Prince George;
2. There is a limit of one guest per member.

Restricted periods are defined as mornings on Saturdays, Sundays and statutory holidays, in addition to Men's Night and Ladies' Day. Guests from within Prince George are most welcome for play during non-restricted periods.

The situation will be monitored and we thank all members in advance for complying with these old policies which you may or may not have known about.

**Jack Mackenzie**  
Golf Director

## Junior Golf

**We will find a home for your old equipment.**

All in all we are anticipating a great season, but we do need your help. Anyone who has any old equipment collecting dust we would love to take it off your hands. Our supply of junior clubs is very low at this point and we need your support. All equipment will be refurbished and sorted as well as possible. These sets will then be made available to kids who do not have clubs free of charge on a daily basis or at a nominal charge on a season rental. We do need bags and clubs, so whatever you have available will be appreciated. Even individual clubs can be cut down for kids, so it's time to clean out that basement.

All donations can be dropped off at the front desk anytime prior to the pro shop opening or at the pro shop after the season starts.

## Weekend & Holiday Equal Booking for Dues Paying Members

1. The Booking Slip is completed by a designated Member of the Group, and then dropped in a box prior to the Thursday preceding the weekend. The draw will be made on Thursday morning.
2. A minimum of three names are required on the booking slip.
3. Men's night ballots must be in by Sunday night and the draw will be made on Monday morning.
4. Groups do not always request the same times each Saturday and Sunday morning. This may result in a spread of tee times from 7:00 am until approximately 10:00 am.
5. Ticking off a preference for an earlier or later booking on the booking slips will assist the Pro Shop in allocating times when your elected time is already drawn and given to another group.

If you have any questions, please contact the Pro Shop at 563-4417.

## Non-Prime Time Privileges Monday through Friday

Members holding Non-Prime Time privileges cannot golf at all on Saturdays, Sundays or statutory holidays. If a person wishes to golf in the afternoon on these days, they would be required to pay Society Member Green Fees.

Members holding Non-Prime Time privileges cannot participate in either Ladies' Day or Men's Night or weekend club events (i.e., mixed, club championship, etc., which occur during Prime Time restricted periods). This classification is a Monday through Friday privilege only.

## Dress Code

In an effort to improve the image of our club, and to be consistent with a majority of golf clubs in B.C., the Golf Committee and Board of Directors have adopted the following dress code for the golf course:

All players are expected to dress in a manner which will enhance the image of the club. The following clothing **will not** be acceptable on golf course:

- sweats/jogging pants
- athletic shorts/cutoff jeans
- jeans (any colour)
- muscle shirts
- tank/halter tops
- shorts with less than a 4 inch inseam
- cartoon t-shirts

Shirts must be worn at all times.

On behalf of the Board of Directors, I would like to take this opportunity to thank you in advance for your cooperation and for helping Laurie Pierce and his staff administer this policy.

## Kelly Cup, 1993

The 1993 Kelly Cup Bonspiel saw 51 teams take part in an excellent bonspiel, which was won by the Blake King Rink.

Karaoke night proved to be a very entertaining and enlightening evening providing all with some good laughs as well as some very talented singers.

Saturday saw Ken Dalziel launch a booming drive down the centre of #1 fairway, inching out Mel McMillan, to retain his long drive with a curling broom championship. We look forward to giving this event another whack next year.

The banquet and entertainment on Saturday night at the Roller Dome provided great fun as well. The evening started out with an excellent barbeque steak dinner prepared by Vern and his staff. After dinner we had an hour of comedy provided by Herb Dixon of Vancouver. His routine was hilarious and loaded with sound effects. Thank you to Canadian Airlines and Dick Miller for sponsoring this portion of the evening. The hour flew by and then the evening progressed with a great mix of music provided by a talented local DJ.

## Attention Members

As most of the membership is by now aware the club has experienced a delay in the mailing of the March Member Statements. Thank you to each and every member for your patience during this period.

The Board of Directors, in particular Director Mel McMillan, has done an exhaustive search of the marketplace to find a solution to our software problems. The club in late March purchased a hardware and software package from G.E.A.C. Canada Limited.

G.E.A.C. Canada Limited, as a full service company, supplies Club Management Systems, computer hardware, on-going support services as well as implementation assistance and customer modifications.

G.E.A.C. has a total installation base of over 2,300 accounts in thirteen countries. Over 60 employees ensure proper support, installation and training personnel are available to customers. They are currently working with many recognized clubs such as Gorge Vale Golf Club in Victoria, Canmore Golf Club in Canmore, Alberta and St. George's Golf and Country Club in Toronto.

The G.E.A.C. System is scheduled to arrive in mid-April for installation. The club's administration staff will be trained, and information transferred from one system to another. We hope to be on the new G.E.A.C. system within the next two to three months.

Again our apologies, thanks again for your patience and rest assured measures are being taken to correct the problems of the past.

## Golf Wine and Cheese Party

On the evening of April 2, 403 people attended the 1993 edition of the Golf Wine and Cheese party. It was a great evening and everyone took the opportunity to renew old friendships and swap a few golf stories.

Member Findlay Young was recognized as president of the Royal Canadian Golf Association. Findlay received a framed poster of the 1992 World Team Amateur Championship; Findlay was the Captain of Team Canada. A plaque was presented which will hang in the club with the following inscription:

*In Recognition to*  
**ROYAL CANADIAN GOLF ASSOCIATION**  
**PRESIDENT**  
**FINDLAY YOUNG**

*From Your Fellow Members at the  
Prince George Golf and Curling Club*

The Board of Directors and members of the Prince George Golf and Curling Club also extended to Findlay Honorary Golf Dues for 1993.

Laurie Pierce drew number 1133 out of the hat for the reimbursement of some luck member's 1993 Golf Dues. After a lengthy period of time, if you can believe this, Findlay Young looks at his ticket and was the winner of the draw. Findlay will be extended free golfing privileges in 1994 in addition to the honorary exemption in 1993.

The evening was sponsored by the Prince George Golf and Curling Club, Rob Tedford from Sunspun Food Service and by Jim Langridge from Cartier Wines. Thanks, Rod and Jim, for the sponsorship is truly appreciated.

Chef Vern Olson did another excellent job with food trays. Numerous compliments were heard about the fine detailed work done on the decorative doll which adorned the table.

All in all it was a very successful evening and a great way to start the 1993 golf season.

House Director

## From the Superintendent

With the start of the 1993 golf season, myself and the crew would like to welcome the old and new members.

The cool spring weather has slowed the progress of the greens, as a result we were forced to open on seven temporary greens. We are working to get the greens open as soon as possible, but need some co-operation from the weather.

We will be cleaning up the course for the next few weeks before the cutting increases. Starting this year, we will not be piling the grass clippings. Instead, we will be spreading them out in the roughs. The rules of golf do not allow for relief from spread out clippings as they are not piled for removal.

See you on the course.

**Stephen Kerbrat**  
Superintendent

## Evening Ladies' Golf Club

Hello, ladies. By the time you read this we will have had our Spring Banquet and our *first* evening of golf and social (thanks, Diane and Carol).

Thanks to B.J. for arranging our weekly sponsors. We appreciate her efforts and the continued support of the following sponsors:

## DID YOU KNOW??

If you wish to change your account status to "Dormant", your account must be paid in full and the Club must receive a written request to place your account in dormancy.

If you request your account be placed in dormancy, and later you wish to reactivate it, you must pay a reactivation fee, currently \$300.00 plus GST.

For those of you who pay lump sum amounts to avoid sending a monthly cheque for your assessment ... check out options Y or Z below. These options are applicable to both regular and corporate memberships.

Account payment posting is much easier if you send in the remittance portion of your statement. This identifies your account number for us and eliminates any follow up required to determine the account number.

If you have any questions about dormancy or the assessment options, please contact Shirley or Brenda.

### Assessment Options

As a Club Member, you have the following options:

- Plan A** \$7.50 per month Club Assessment, plus GST, billed monthly; applicable to active members 65 years of age or better and Club members who reside outside of a 50 mile radius of Prince George.
- Plan B** \$15.00 per month Club Assessment, plus GST, billed monthly; applicable to all active Club Members except those described by Plan A.
- Plan C** \$0.00 - Dormant Accounts; available to all memberships, both Corporate and Individual. Certificates in a dormant status do not receive Club mailings, do not have membership privileges and cannot charge. Membership and charging privileges may be reinstated by paying a fee and obtaining Board authorization. The account must be returned to Plan A, B, Y or Z as all active accounts are required to pay an assessment.
- Plan Y** Same as Plan A, except the assessment is billed annually, in May.
- Plan Z** Same as Plan B, except the assessment is billed annually, in May.

## Ornamental Tree Planting Program

Is a golfing member of your family having a birthday or anniversary in the near future? Consider purchasing an ornamental tree—the gift will be one that continues to give as the tree grows and matures.

The program will work like this: select a tree from the list below and pay the costs for its purchase. The club will then purchase, plant and assume the responsibility for its care until well established.

The sponsor of a tree will receive due recognition in *The Georgian* and a tag will be attached to the tree bearing the name of the sponsor. We would ask that you review the list of plant materials listed below and then contact any member of the Green Committee to arrange payment.

Cut Leaf Birch	10-12 ft.	\$ 39.99
Apples (different varieties)	6 ft.	\$18.00 - \$ 24.00
American Elm	6-7 ft.	\$ 26.99
Sugar Maple	12-15 ft.	\$ 26.99
Griffin Poplar	6 ft.	\$ 16.99
Royal Mountain Ash	10-12 ft.	\$ 39.99
Black Ash	6-8 ft.	\$ 69.99
Blue Spruce	7-8 ft.	\$120.00 - \$200.00
Flowering Plums	6 ft.	\$ 19.99
